On this special night, Monday Club members wish to fellowship with dear friends and meet new acquaintances while raising awareness and funds to help support our community outreach programs and academic scholarships for select high school seniors. The scholarships honor our esteemed members: Dr. Woodrow Wilson, Senator Herman H. Holloway, and the Honorable James H. Sills, Jr. These members have made significant and noteworthy contributions to their respective communities and Delaware. Additionally, a special scholarship is awarded to a high school student attending Delaware State University. The final scholarship is given in the name of The Monday Club.

Over the past 12 years, The Monday Club has awarded over \$103,500 in academic scholarships to deserving Delaware high school students to attend a four-year college or university. Despite the challenges of the pandemic, The Monday Club remained committed to supporting outstanding high school seniors by awarding college scholarships to help them pursue their education. We are proud to have achieved this, even though the annual ball was not held.

The Annual Ball also serves the purpose of raising funds for our philanthropic endeavors that we support annually, such as the Wilmington Little League, Sharpshooters Elite Basketball, Adopt-A-Family, Thanksgiving Turkey Drive, and various other community groups and events. To assist in achieving these goals, the Monday Club is partnering with our non-profit arm, the MC917 Foundation, Inc.

The evening will begin at 6:00 PM with a social hour followed by dinner and a program at 7:00 PM. We are looking forward to seeing you. However, if you cannot attend, [please support us with an Ad and/or ticket purchase](#) to help us celebrate this meaningful event.

Thank you for your continued support.
